Dear Parent(s),

Thank you so much for considering Front Range Christian School. This information packet has been designed specifically to give you an accurate insight into the ministry God has called us to. As you review the information, we hope it becomes evident that we are driven towards a vision that God has given. Those who choose to be a part of this vision are welcomed into the community and partnership that God has honored since our inception in 1994.

As FRCS parents, we have witnessed the unfolding of a wonderful story written by God. His story is full of HIS hope, HIS love, and HIS truth. The chapters are being written on the hearts of Front Range Christian children every day. Our school first took shape in the dreams of founders who were pastors, educators, business people, moms, and dads. Coming from varied walks of life, different churches and diverse circumstances, the founders united around the vision for a school where truth is taught, relationships are valued, and academic standards are high.

At FRCS each student is seen as a child of the KING, uniquely created with gifts and abilities to be discovered, nurtured, and trained for cultural impact in the world. This is a world where truth has lost its meaning and become something to be defined by the individual rather than a loving, unchanging personal God and creator. Our vision at FRCS is not to ignore or withdraw from this culture, but to engage it and understand it through God's revealed Word and a school community devoted to loving God and others.

Accomplishing this vision will require bold, faithful leadership by staff, parents, students, and great provision by God. We are trusting that God will continue to provide qualified and loving staff, involved parents, and financial resources. The effectiveness of FRCS can be measured tangibly by test scores, college admission, family retention rates, and accreditations. However, the total value of FRCS and the intrinsic reason for our existence can only be measured with an eternal perspective. Our driving passion is to see lives transformed and actively shaping the world for Christ and eternity.

Would you join us for this life changing work? We hope so!

God Bless,

Board of Directors
